

WM0001 HTMA/DLEX0001 TM
WASHER FEATURES

- 4.2 cu.ft Ultra Capacity
- Upfront Electronic Control Panel with LCD Display and Dial-A-Cycle™
- SteamFresh™ Cycle for Reducing Wrinkles and Refreshing Clothes
- Steam Wash System for Better Washing Performance and Higher Water and Energy Efficiency
- Sanitary Cycle with Added Steam Option
- SpinSense™
- Allergiene™ to Significantly Reduce and Remove Common Allergens
- Dimensions: 27" x 29 3/4" x 38 11/16"
- Available Colours: Stainless Steel

DRYER FEATURES

- 7.3 cu.ft King Size Capacity with NeveRust™ Stainless Steel Drum
- Front Electronic Control Panel with LCD Display and Dial-A-Cycle™
- TrueSteam™ and SteamFresh™ Technology
- ReduceStatic™ and EasyIron™ Options
- 9 Drying Cycles
- Dimensions: 27" x 28 1/3" x 39"
- Available Colours: Stainless Steel

- Available Colours: White

DISCOVER THE POWER OF LG STEAMWASHERS™ AND STEAMDRIERS™

LG's TrueSteam™ Gets Clothes Cleaner and Fresher

From cleaning performance to ready-to-wear convenience, TrueSteam™ is an outstanding way to clean and care for today's fabrics. LG's TrueSteam™ generator converts water into steam to deliver amazing cleaning power. Fed into the top of the wash drum through a spray nozzle, hot steam particles deeply penetrate fabrics to dig out dirt and dissolve cleaning agents better.

In the washer, TrueSteam™ penetrates fabrics for enhanced cleaning performance, resulting in exceptional stain removal, brighter whites and more vibrant colours. In the dryer, TrueSteam™ helps to reduce wrinkles and odours. It also virtually eliminates static cling and the need for ironing.

The LG SteamWasher™ and SteamDryer™ combine outstanding performance with energy efficiency.

In fact, LG SteamWashers™ are ranked Canada's most energy efficient washers by Energy Star.*

September 12, 2007

Available colours:

STEAMWASHER™ FEATURES

ULTRA CAPACITY STEAMWASHER™ • 4.2 cu. ft. capacity means fewer loads, saving time, water and energy. There's also plenty of room to wash bulky items, like rugs, pillows and king-size bedding.

BRIGHTER WHITES, MORE VIBRANT COLOURS • SteamWash™ cycle lifts out and removes stubborn stains creating brighter colours and whiter whites.

REDUCE WRINKLES AND ODOURS • SteamFresh™ cycle freshens and reduces odours in just 20 minutes — without detergents.

SMOOTH, QUIET PERFORMANCE • The DirectDrive™ motor delivers power directly from the motor to the drum. This patented transfer system eliminates vibration and noise, and ultimately reduces wear and tear and the need for service and repair.

SAVES WATER AND ENERGY • The incredibly efficient LG SteamWasher™ minimizes water usage to 11.8 gallons (44.7 litres) per cycle and exceeds Energy Star requirements by 94%*

STEAMDRIER™ FEATURES

ULTRA CAPACITY STEAMDRIER™ • 7.3 cu. ft. stainless steel drum handles big loads and lets you use the SteamFresh™ cycle to refresh bulky items, like pillows, sleeping bags and comforters.

READY-TO-WEAR CONVENIENCE • Enhanced SteamFresh™ cycle ensures clothes come out fresh, dry and ready to wear.

PERFECTLY PRESSED RESULTS • EasyIron™ option makes ironing a breeze by relaxing wrinkles and evenly and lightly moistening fabrics for efficient and easy ironing.

NO MORE STATIC CLING • ReduceStatic™ option virtually eliminates static cling, providing comfort and convenience while reducing the need for dryer sheets.

STEAM DRY WITH YOUR PREFERRED WATER • The easy-to-clean cartridge allows you to choose the water you want to steam with: regular or distilled. Not all water is clean and pure, so you can make the choice.

KISS ALLERGENS GOODBYE WITH OUR EXCLUSIVE CERTIFIED ALLERGIENE™ CYCLE

Allergens in the home can hide and accumulate in unexpected places: children's toys, family pets, bedding, carpets and curtains, to name a few. Even dust mites and animal dander can trigger asthma and allergy symptoms. The LG SteamWasher™ effectively reduces common allergens in fabrics using TrueSteam™ technology and is proven to remove 95% or more of house dust mites and domestic animal dander. And as the only washer certified asthma & allergy friendly™ by the Asthma Society of Canada, it breaks down and removes common allergens so you can Wash With Confidence™.

FIRST IN HOME STEAM, AND THE LEADER WITH TRUESTEAM™

We believe in providing you with the best energy efficiency. So LG TrueSteam™ technology uses less water and less detergent to get your clothes impeccably clean. We also believe that laundry should not only make your clothes look good, but make you feel good. That's why LG TrueSteam™ innovations let you spend more time doing the things you enjoy. When making time for laundry is no longer a chore, Life's Good.
